The Traffic Signal Subcommittees of Baltimore Regional Transportation Board (BRTB) and the National Capital Region Transportation Planning Board (TPB) are excited to partner with ITS Maryland (ITSMD) on a joint Regional Signal Forum/Annual Meeting.

Representatives from federal, state, and local agencies, and the private sector, are invited to attend this special event to hear about the latest developments in Traffic Signals and Intelligent Transportation Systems.

This is a unique opportunity for signal technicians, operators, designers, engineers and ITS professionals in the Maryland, Washington DC, Northern Virginia, and Delaware regions to hear from the experts and peers in this field.

The forum will also provide an opportunity for vendors to showcase their products and latest technologies.
